appeared," said Heron. The U-boat was claimed as sunk.

Another attack Heron spotted. "U-boat fully surfaced and it was 'just a sitting duck,' the 20-year-old pilot said. "We dropped depth charges that straddled the sub just as the conning tower was above the surface. We saw the stern rise at a steep angle and the sub disappeared."

It was claimed as damaged. Capt. L. Anthony Spooner, D.F.C., of Newmarket, Ontario, captain of another aircraft, attacked a U-boat with depth charges, forcing three others to submerge.

ONE CLAIMED SUNK
One of the pair attacked successfully was claimed as a sunk after the depth charges exploded inside it. The second one continued firing at the plane but was apparently damaged.

Spooner sighted the other U-boats on another patrol. All were attacked heavily with depth charges. One was driven off the water. The results of the attacks on the other two could not be ascertained.

Body Services Protests Here Evictions Here

The Edmonton War Services Council at its meeting Tuesday night protested the evictions of families of servicemen and decided to set up a special housing committee to act in conjunction with the Business Men's Rehabilitation Committee.

The council also suggested that civic authorities endeavor to make arrangements for the removal of furniture warehouse recently destroyed by fire to consider the utilization of the building as a war bank as an adjunct to the Macdonald job.

Major-General W. W. Foster, C.M.G., D.S.O., V.C. guest of the evening, said in reply to his introduction by Harold I. Weir, chairman, that "Probably the most important thing of all still ahead."

The men will come back hoping to find a home, and when they find a body such as yours sincerely desirous of making it, making them welcome, and helping them to secure homes and get back into the ordinary community spirit. It will make what they have gone through worth while.

It is equally important, if not more so, that we give them a home, not so generally when they joined the army.

Major-General Foster congratulated the council. "On the splendid job you have done so far," he said. "I am sure you will continue to do so."

Asks Citizens To Buy Bonds First Cans

Appeal was made Thursday by Edmontonians not to hold back in the purchase of the Sixth Victoria Park bonds because they had pledged their support for the war.

It was asked that canvassers for the War Finance Committee, stated Thursday that all such purchases would be credited to the organization to which it had been made.

The objective, he said, "is to put a great many more people into the habit of buying bonds and shares."

Yanks Take Airfields Australians Capture Madang Supply Base

ALLIED HEADQUARTERS, New Guinea, April 27.—U.S. troops were believed today to have completed the conquest of Hollandia's three airfields, giving the Allies new aerial bases within striking distance of the Palau Islands and possibly the Philippines.

The rapid American thrust, which lightened the Allied burden on northern New Guinea, came after Australian forces sealed the southern front with the capture of Madang, one of the best harbors along the entire coast.

Possession of Hollandia's airfields gave the Allies new bases 800 miles from the strategic Palau Islands in the western Caroline, and within 1,200 miles of Tokyo at the southern tip of the Philippines.

As the American forces brought their immediate campaign in northern New Guinea to a rapid and successful climax, Australian troops completed their drive through jungle approximately 40 miles to the south to seize Madang's airfield.

Capture of Madang, which had been held by the Japanese since December 1942, and the northern conquest further pressed forward the Allied drive toward the Philippines.

PEARL HARBOR, T.H., April 27.—(AP)—American planes struck at Japan's Kurile Islands and at the fortress of Truk Monday night, for the second consecutive night, and also delivered incendiary bombing attacks on the Japanese-held islands of Truk, United States Pacific fleet officials disclosed yesterday.

Navy planes made the long run to the Kurile Islands, which are 1,000 miles from the Philippines, and heavy bombers smacked Matsua Island, a Japanese-held island in the Philippines.

For hours beginning at dawn the Channel skies were filled with the planes of the Royal Air Force, which were attacking the German airfield at Truk, which was the main base of the Japanese in the Pacific.

Liquor Briefs Are Received For Hearings

Fifteen briefs have been submitted to the legislative committee to go to the liquor situation in Alberta, by organizations and individuals who plan to appear before the committee on Thursday by Hon. C. E. Gervais, committee chairman.

The committee announced some time ago that briefs must be submitted before the time, in order that it could hear the briefs before public hearings are held.

Briefs from Temperance forces were also received by the committee. "I understand they are in support of the committee's position," said Gervais.

Labor Protests Health Scheme Tax Proposals

OTTAWA, April 27.—(CP)—Proposed financing of a national health insurance plan as outlined in a draft bill now being examined represents "a flagrant violation of the principle of the ability to pay," said a Canadian Congress of Labor brief yesterday distributed to members of the Commons social security committee which has been examining the draft bill.

LEVY OBJECTIONABLE

"The flat percentage income tax of three per cent for single persons and five per cent for married persons is almost equally objectionable, especially in view of the maximum limit of \$30 for single persons and \$50 for married persons."

Both forms of contribution would bear very heavily on those in the low income groups and hardly at all on the well to do.

They would be particularly burdensome for those in the low income groups who have large families; precisely those to whom the government, by its projected family allowance legislation, is proposing to make special grants, presumably because of special need.

The brief was distributed after J. W. Fulton, of the Christian Science committee on publications, Toronto, appeared before the committee to support a suggestion that the draft bill include a provision to protect Christian Scientists against compulsory acceptance of medical or surgical ministrations or treatment. He also urged that treatment by Christian Science healers, after a medical diagnosis, be recognized for payment to healers under the provisions of the bill.

Hon. Cyrus MacMillan (L. Queens), chairman, held the committee should not discuss methods of medical treatment in open sessions.

Arthur Slaght (L. Parry Sound) said the right should be left to the province to decide whether Christian Science healers might receive benefits under the Health Insurance Act. Such decision should be in the hands of provincial cabinets, not provincial health commissions.

"The C.C.L. brief contended 'the only equitable method of financing health insurance or health services is by taxation based on ability to pay,'" said the brief.

FAVOR NATIONAL PLAN
The Canadian Association of Social Workers, in a brief presented to the committee, said it favored a national scheme of health insurance with changes in the proposed bill involving public health grants to the provinces on the basis of need, modification of the proposed rates of contribution, simpler administrative machinery, inclusion of a program for the crippled, and the provision of disability benefits.

Alberta Said At Threshold Of Great Era

CALGARY, April 27.—(CP)—Alberta now stands at the threshold of a new era of expansion, said R. L. Cushing, Calgary, retiring chairman of the Alberta branch of the Canadian Manufacturers' Association, in a review of the 1943 activities of the branch presented at the annual meeting held last night.

He predicted advancing frontiers and population growth for the province, development of all her natural resources and expansion as a commercial centre serving a newly-discovered northland.

VALUE OF PRODUCTS
Under impetus of war production, the gross value of manufactured products in Alberta exceeded \$450,000,000 for the period 1939 to 1941 inclusive, said Mr. Cushing. The official figures for later years would show an even greater increase.

Importance of a government policy of giving the greatest possible encouragement to individual energy and enterprise, thus making the maximum employment possible, was emphasized by A. L. Smith, K.C. guest speaker.

Plans such as the Beveridge and Marsh proposals could not operate if the national income fell below a certain level, he said.

"I do not for a moment believe that state ownership is the answer to any humble judgment, state ownership means the end of economic progress," he said.

C. V. Bohannon of Swift Canadian Co. Ltd., Edmonton, was unanimously elected 1944 chairman of the Alberta branch. T. G. Wood, Canadian Sugar Factories Ltd., Raymond, was elected vice-chairman.

Private Control Of Second CBC Network Urged

By JACK BRAYLEY
OTTAWA, April 27.—(CP)—Canada's second radio network should be placed in the hands of private enterprise and a control commission should be set up outside the Canadian Broadcasting Corporation to regulate broadcasting, Joseph Sedgwick, counsel for the Canadian Association of Broadcasters, said yesterday at a meeting of the Commons radio committee.

In an 80-page brief on behalf of the 64 privately-owned stations who are members of the C.A.B., Mr. Sedgwick said such a setup would mean a complete change of Canada's radio policy and he said he felt it was time to "cut away" from the Aird report—the basis of the present radio setup.

IMPORTANT CBC ROLL

While the CBC would be shorn of its control powers, Mr. Sedgwick conceded an important place for it in the general radio picture, with the CBC network possibly providing educational and public service programs much along the line adopted by Australia in dealing with its public and private radio.

The commission would have the power to suspend licenses or alter frequencies and pass regulations applicable to private stations. The CBC presumably would have control over its own network.

Recruiting Plan**

TORONTO, April 27.—(CP)—Ontario command of the Canadian Legion at the final session of a three-day convention here yesterday unanimously approved a resolution opposing further voluntary recruitment campaign as "wasteful of public money" and degrading "the means of raising men into the army."

Mr. Col. Alan Cuckram of Toronto, who sponsored the resolution, said in Canada there were 212,000 men with military service deferments and 142,000 who had not answered calls to army service.

"There are an additional 72,000 men in the home service army who should have to go active," he declared.

Papandreu Heads Greek Government

CAIRO, April 27.—(AP)—The Shop-Gap Greek cabinet in Cairo headed by Premier Sophocles Venizelos resigned Tuesday night and a new government under George Papandreu, who recently arrived from Greece, was sworn in yesterday.

Papandreu, a leader of the Socialist Democratic Party who has just escaped from the homeland, was asked by King George II to form the new government.

He was sworn in as premier and minister of foreign affairs. For the time being the directors general of the other ministries will act as ministers.

Last week Papandreu, shortly after his arrival from Greece, issued a statement asserting that "con-

Troops Take Over Firm in States

CHICAGO, April 27.—(AP)—The United States government, with the aid of a detachment of troops, took possession last night of the Chicago units of Montgomery Ward and Company after Sewell Avery, chief executive officer of the huge merchandising firm, rebuffed previous efforts to enforce a presidential order for seizure of the facilities.

Wayne C. Taylor, undersecretary of commerce, who was designated as the agent to assume control of the properties here, announced that Avery had left the premises after being assured the business would go on as usual.

Avery capitulated after holding out for almost seven hours against a directive from President Roosevelt authorizing the federal department to seize the Chicago mail order plant and other buildings on grounds that the management had refused to comply with White House instructions to extend an export contract with a C.I.O. union.

Chinese Paper Rebukes Allies For Criticism

NEW YORK, April 27.—(AP)—Tou authoritative Chungking newspaper Ta Kung Pao, declaring that without China's help Japan could not be crushed and that there could be no peace in the Far East, voiced "a little grievance" yesterday against British and American criticism of China.

The newspaper editorial, broadcast in English by Chungking and recorded by the United States office of war information, said:

"We remember the lavish praises heaped upon China by American and British public opinion two years ago at the outbreak of the Pacific war. Was not China's resistance regarded then as the only sustaining force in the critical Far Eastern situation?"

"But now American and British public opinion is critical of China."

Three U.S. Officers Are Dismissed For Neglect of Duty

CINCINNATI, April 27.—(CP)—A military court yesterday convicted three American air force officers of neglect of duty in inspection at the Lockland plant of the Wright Aeronautical Corp. and sentenced them to be dismissed from the service.

The three, however, were cleared of charges of perjury and conspiracy to defraud the government by permitting company domination of army inspection and granting the plant an "unwarranted top inspection rating."

The accused were Lt. Col. Frank C. Greulich of Detroit, former chief inspection officer for the material command, Maj. Walter A. Ryan also of Detroit, former central state inspection officer and Maj. William Bruckman, Cincinnati, former resident officer of the plant.

Say French Take Two Nazi Generals

NEW YORK, April 27.—(CP)—The BBC said yesterday in a Spanish language broadcast to Latin America that French underground forces have captured two German generals and a third general was killed during an attack by patriots on a Nazi road convoy near Lyon.

Another BBC broadcast, beam to Europe in French, said the London delegation of the French Committee of National Liberation reported yesterday that French troops had "inflicted a bloody reversal" on the Germans in the Frank and Ain departments in guerrilla fighting started April 22.

The report said the Germans used an entire division in the effort to put down the maquis—members of underground resistance groups. It added that in the Ain district alone the Germans lost 500 killed and 400 wounded to French forces of 64 and that in the Jura the Nazis also were repulsed.

It is estimated that one-sixth of the 3,000,000 guffies in the United States are casual players.

What to Do With Germany

By LOUIS NIZER

Educational Processes Remained Same in Germany After Hohenzollern Dynasty Fell; National Character Emphasized by Republic and German Youth.

Chapter X.

Even after the Hohenzollern dynasty fell in 1918, the educational processes in Germany ran the usual course, undisturbed.

Text-books and lectures, the embodiment of distilled Pan-Germanism, remained the same. German secondary schools and universities consisted of the same Gymnasium, the Real-schule and Realgymnasium, and taught the same courses.

Brave constitutional provisions were adopted, requiring religious teaching, but like the republic they were never taken seriously.

The constitution of the German Republic, adopted in Weimar in 1919, stated (Section 148): "In every school the educational aims must be moral training, education in citizenship, personal and vocational efficiency and above all, the cultivation of German national character and of the spirit of international reconciliation."

In public school teaching care is taken not to wound the feelings and susceptibilities of those holding different opinions. The Prussian teachers, particularly the "cultivation of German national character and of the spirit of international reconciliation" were required to teach Section 148, they commented to their classes: "This is a very nice ideal and it may be that some day in the future we can educate our youth in such a spirit. As long, however, as French colonial troops are quartered on our German Rhine, we cannot even think about international reconciliation."

FRANKLY STATED
The fact that anti-education is the most important weapon in the arsenal of war is frankly stated in Mein Kampf.

The question is now how we can manufacture arms. But here it is, how can we create the spirit which renders a people capable of bearing arms? When this spirit dominates a people, will-power finds a thousand ways, each of which leads to a weapon.

With systematic thoroughness, the Nazis have distorted the approach to every academic subject. A teacher's text-book by Karl Aine advises that the teaching of history "is a means of solving the political-historical task of the people—the battle for self-assertion of a people." The history of the world is to be recorded from the racial point of view.

GROUND FOR TEACHING
In the periodical, Nationalsozialistisches Bildungswesen, Friedrich Freder writes: "History is the science of political education. The aim and end of history is to lead the youth to a more scientific political and historical knowledge." The ground for our teaching of history is the "Germanic spirit." The official Nazi teachers' manual and guide, Geschichte und Unterricht, gives the following direction:

"It implants fanaticism and the desire to murder. Those who cannot understand the relentless cruelty of the German people making off to kill and plunder, must study German education, brought to its extreme perfection under the Nazis. Their inexcusable will disappear."

"I figure these can carry a better pay load than pigeons, Sir!"

"The main topic for the history teacher should be the German nation with its Germanic characteristics and its grandeur, its faithful struggle for inner and outer self-expression. 'Of the faith of the National Socialist movement in the future of the German nation has arisen a new understanding of the German past. History instruction must be based on this living faith. It must fill our youth with the realization that it belongs to a nation which of all European nations has suffered longest and most severely before it was unified, but which today can face the future with confidence. This kind of instruction will open to our youth the most noble aspect of our past, which, in turn, will deepen our feeling of our own worthiness and our greatness.' The principles of race distinction must be taught so that they can recognize the fundamental characteristics of our nation, but offer the key to universal world history."

IMPORTANT PART
The biology instructors are told by the teachers' guide that "biology plays an important part in National Socialist Ideology. . . Biology is especially suited to destroy the myth that men are primarily intellectual."

The chemistry teacher is directed to emphasize the importance of military and aerial defense, and to reveal to the young students how important it is that engineers laborers, and technicians work together for a greater Germany.

Even mathematics, the impartial science, is not to be trusted by the Nazis. The teachers' guide advises: "The dependence of this subject on race is obvious. It is characteristic of the Nordic spirit that it is concerned with the question of force with the creating hand as well as with the pondering mind."

The philosophy of National Socialism is described as "Aryan spiritual property" and the "expression of the Nordic fighting spirit," thus ignoring the fact that mathematics was developed originally by the Greeks and in the Middle Ages by Arabs and Jews.

The smallest mathematics problem is turned into a propaganda device. Children are requested to compute how many Germans were killed during the First World War, or how many bombs an airplane can carry, or how deep air-raid shelters should be.

Calgary Reports

New Hog Deluge

CALGARY, April 27.—(CP)—Congestion of hogs at local stockyards, relieved during the past two weeks through the co-operation of producers who held up normal shipments and received the packing plants, is again reaching "impossible" proportions. It was reported last night as the stockholders packed frantically to keep up with the influx.

With no relief in sight for the labor situation at the packing plants, the congestion is expected to grow worse within the next few days unless outside orders take some of the hogs out of the city.

Two weeks ago, when Calgary yards were packed with hogs that the packers were unable to handle, producers were requested to hold up their shipments. They did so with the result that at the present time hogs which normally would have arrived a week ago are coming in with the regular quota of hogs for the current week.

Labor-Progressive Party Will Enter 9 B.C. Candidates

VANCOUVER, April 27.—(CP)—The Labor-Progressive party will nominate nine candidates for British Columbia ridings in the next federal election, the party's provincial committee announced yesterday.

The announcement does not specify which constituencies would be contested but Fergus McKeen and William Stewart, both of Vancouver, have already been named to contest Vancouver Central and North Vancouver respectively for the Labor Progressives.

A nomination meeting is scheduled next Sunday for Burrard riding. Dr. Irvine Neilson, Labor-Progressive member of parliament for North Battleford, will be the main speaker.

One Appeal Court For Prairies Urged

OTTAWA, April 27.—(CP)—Senator John T. Haig (P.S.-Manitoba) said yesterday that the Senate had there might be only one court of appeal for the three prairie provinces, and it would not be over-worked.

He spoke on second reading of a bill to provide for the salary of a third judge of the exchequer court of Canada which already has been approved by the commons.

Senator Haig said there might be too many judges in Canada, but he believed the salaries paid judges in general were insufficient in light of the income tax deductions now being made.

He said \$20,000 annually would be sufficient for an exchequer court judge with cases involving very large amounts of money.

The Senate gave third reading and passage to a bill providing for extension of the Kettle Valley B.C. railway.

L.I.O. Committee For Inspections Asked At Parley

PHILADELPHIA, April 27.—(AP)—An Indian worker delegate to the International Labor Organization here, Kananda Mehta, yesterday asked that L.I.O. appoint a permanent committee to inspect working conditions in such countries as to see that nations live up to agreements made in various conferences.

An Indian government delegate suggested that the home governments make nothing but a "white wash."

Former Edmonton Doctor Is Dead

LONDON, Ont., April 27.—(CP)—Dr. William Stevens Rivers, died yesterday at his home in London, Ontario, after a long illness.

The chemistry teacher is directed to emphasize the importance of military and aerial defense, and to reveal to the young students how important it is that engineers laborers, and technicians work together for a greater Germany.

Navy Casualties

OTTAWA, April 27.—(CP)—The Royal Canadian Navy issued last night its 229th casualty list of the war, reporting 1,000 more deaths of Canadian naval personnel.

Co-Operative Farm Formed in Sask.

SASKATCHEWAN, April 27.—(AP)—Steps were taken this week by farmers of the Milden and Fertile Valley rural municipalities to form what is believed to be the first co-operative farm in Saskatchewan.

The project, launched at a representative meeting of residents of the municipalities, will be in an initial area of 15,000 acres of arable and pasture land.

The project will be administered along the lines of the Farm Security Administration of the United States and will be headed by Mr. J. H. Haggart, secretary of the Co-Operative Farms Committee.

A committee has been named to find a suitable site for headquarters where an abundant supply of good water is available.

F.D.R. Answers Bombing Protest

NEW YORK, April 27.—(AP)—President Roosevelt disagreed with the views of 28 clergymen and writers who protested last month against "unprovoked bombing" of enemy-occupied countries of Europe, it was revealed yesterday in a letter written by his secretary.

The clergymen's protest was published in last month's issue of Fellowship, monthly publication of the First United Methodist Church, and in the current issue Secretary Stimson replied that President Roosevelt "is sorry he cannot agree either with the facts or with the conclusions" of the protest.

"You cannot talk conciliation. You can be for the Germans and Japanese and look forward to new 'dark ages' attended by world-wide death and destruction—or a continuance of the philosophy of peace and the maintenance of civilization. You must choose between the two views."

"Rule World" Views Said Patton's Own

WASHINGTON, April 27.—(AP)—War Secretary Henry Stimson said yesterday that General Patton did not sanction the view expressed by Lt.-Gen. George S. Patton in London that Britons, Americans and Russians "obviously" are desirous of "rule the world."

General Patton was expressing his own personal views. He was not speaking for the war department.

THAT 467 to 1 payoff in the Punchedown Steeplechase meeting in County Kildare yesterday, naturally brings up thoughts of handsome returns which other fellows, and gals too for that matter, have secured for modest little two-dollar investments.

And just in case there may be others, interested to the chap who phoned up yesterday, who are interested in recalling the biggest daily double ever in Edmontonia, the amount was \$173,250 and the ticket was held by W. McLennan, Edmonton street railway employee, on Tilsa to Purple Rock in 1936.

On July 26, 1939 during the meet held here, Dan Zegarschuk of Winnipeg, held the only two daily double tickets on Lark Alice and Bell S. Each cashed a neat little \$142.40, which meant a neat little sum of \$284.80. And Dan had the foresight to make the afternoon an even greater success by hitting onto a straight ticket on Bell S. which yielded \$104.50 for a grand total of \$389.30. Not bad, eh?

PLACE RETURN OF \$376.20
AND just in case you may have forgotten, or not heard of the aforesaid gentleman's "system"—well, Dan followed a "number" system in making his daily bets taking No. 1 in the first race and No. 8 horse in the third. Nothing very complicated about that, is there?

That "round ring" referred to in today's press dispatches shows an innovation possessing real merit. There probably will be general agreement by both the middle and working fraternity with the assertion of the wrestlers who used the new ring last night that it "speaks action," and "there were no corners to hide in."

The annual hockey dinner of the Canadian Athletic club and of the Royal Canadian Mounted Police is being held at the Macdonald on Monday. Four banquet clubs, in addition to the junior, along with coaches and managers will be the special guests.

The record payoff for Western Canada is \$2380 and for Canada is something over \$5,000 on a \$5 ticket at Thorncliffe, Toronto in 1932. The top double return in the United States is \$107,720 and it was on the appropriate combination of Jay Bet and Merry

Skytracrer Over Challenge Me

Surprise Win in Blue Grass Makes Derby Wide-Open

LOUISVILLE, Ky., April 27.—(AP)—A surprise victory by M. B. Goff's Skytracrer in the \$100,000 wide Blue Grass Stakes at Churchill Downs Wednesday confirmed the consensus that this year's Kentucky Derby will be a wide-open affair.

Ridden by jockey M. Cafferelli, Skytracrer won the mile and a furlong race in pay \$22.00 to win, \$8.80 to place and \$6.00 to show.

Challenge Me, Brolie Farm's odds-on favorite for the stakes, came in second, with A. C. Crac's Alorier third in the contest of eight Derby candidates.

Shut Up, Alamein, Harriet Sue, Rockwood Boy and Megogo also ran.

Shortly before the Blue Grass Stakes was run, Sir Up, Sir Payne Whitney's Greenstone State contender for the gold cup, the wreath and the big money in the \$75,000 added Kentucky Derby was 6-arrived by rail from New York where he recently won the first section of the Wood Memorial and top place among the Derby favorites.

Challenge Me had been rated second, but the Derby odds-makers, chiefly because he won the Arkansas Derby and fared in his first workout here. Yesterday's race

was his first at the Downs this year. He was soundly beaten by Skytracrer.

Harriet Sue, only fifth in the race, trailed out in front at the start, closely followed by Challenge Me and Alorier until the far turn when Rockwood Boy moved into third place.

Heading down the stretch, Harriet Sue and Challenge Me led as Skytracrer moved into third place and Alorier into fourth. Nearing the finish line, Skytracrer moved to the inside and took the lead to win by three lengths.

The race, run in 1:32 3-5, was worth \$9,800 to the winner. Challenge Me paid \$3.40 and \$3.00 and Alorier \$2.50.

NEW YORK, April 27.—As thousands of sandlotters throughout the country groom for the "official" opening of the semi-pro baseball season on May 7, those red hot fans of Enid, Okla., are confident that their wartime representative—the Enidairs—will make another robust bid for the national championship.

In peace and in war, Enid was registered an enviable record since the semi-pro congress staged its first national championship in 1935. Its teams won the national title three times and were runner-up twice in addition to winning the world championship at Puerto Rico in 1940.

Last season, the Enidairs of the Enid army air field are runners-up. They were beaten in the final at Wichita, Kan., by the champion Sox from Camp Wheeler, Ga., an army team, 5 to 3.

Another promising club is this year the Enidairs have another promising team, according to Willis Baker, sports editor of the Enid News-Kadzie. Baker describes them as "mainly a squad of youngsters who ask to quarter from any semi-pro club in the nation." They are managed by Lin Emmett Cambron. They have added two new right-handed pitchers who are the property of major league clubs—Nick Popovich, Chicago White Sox, and Carl Keeler, Brooklyn Dodgers.

Though the "official" national opening of the semi-pro season is set for May 7, the Enidairs—like many other teams—have apparently been started playing already. Baker says that they are currently engaged in a revival of their feud with Lieut. Curley Galtner's Norman Naval Sky-jackets.

Enid is called the "semi-pro champion city" because it has succeeded in national competition. Its last national title was garnered by the Enid Chaplin Refiners in 1941. The Refiners also won the national title in '40, then went to the P.N.A. P.T. and beat Puerto Rico for the world championship.

ENID CILERS WON IN '37
In 1937, the Enid Ensign Oilers were national champions; and the Oilers almost repeated in '38 when runners-up to the Buford (Ga.) All Oilers.

When the semi-pro congress, celebrating its 10th anniversary, recently named the four outstanding sandlot individuals of the decade, Enid collected two of them and the most famous of a third, Monte Baselli, former "finger" of the Enid Chaplin Refiners was named the winner of the decade.

Vasek Gault, whose pitching boasted the Refiners to their national title in '40 and '41, was named pitcher of the decade. Nick

Urban was named No. 1 manager of the decade because of piloting the Ensign Oilers to the title in '37, and the Refiners to titles in '39 and '41. For the past two seasons, Urban has managed the Cresna Bobcats of Wichita, Kan.

Winner Receives Fifth As Much As Second Horse
By ALLAN NICKLESON
LONDON, April 27.—(C.P.)—The horse that ran second received a money prize five times greater than the winner.

It came about in the King George Derby, Yorkshire's oldest horse race, which was staged over four miles of treacherous Roman road. The winner was F. W. Barnaby. He led throughout and collected \$25. The runner-up was last year's winner, Ivan Anson, who received \$125.

It was agreed before the race that the winner would take the interest on an invested sum, whereas second-place horse would receive the entry fees.

The King has decided to lend the Aintree course to the Jockey Club again this season because of the great success of last year's experiment when, for the first time, there was no royal enclosure. All parts of the course, with the exception of the royal box, will be available to racers.

Formerly the royal enclosure was open only to members.

Over a small window in London's Saville street is the name J. I. Souter and Company, royal saddlers. For 150 years, their old shoproom was the meeting place of royalty, Indian princes, sporting peers and generals.

Now the staff has been reduced from 60 of the finest saddle-makers in the world to two veterans. Apart from the old employees who have died and the younger one called to the colors, the rest of staff is making artificial limbs.

Rufus Charlot, who won The Oaks, St. Leger and 1,000 Guineas for the King two years ago, has given birth to her first foal, a colt by the 1930 winner, Blue Peter. She will next be mated with Big Game, who completed four classic successes for His Majesty in 1942 by winning the 2,000 Guineas.

Say 'Round Ring' Speeds Up Action
SAN FRANCISCO, April 27.—(AP)—The "round ring" made its debut in a wrestling match Tuesday night and drew approving comments from the grapplers and observers alike. The match was between Ivan Ruspain, Russian wrestler, and Pat Friley of Boston said the circle speeded their action. There were no corners to hide in, they observed.

The 1,000 fans showed their approval by giving rousing applause to Russ Newland, Australian Press.

CANADIAN SPORTSHOTS

TORONTO, April 27.—(C.P.)—

This is sure to start up another argument. President Frank Shaughnessy of the International Baseball League says that baseball is getting "simplified," and there isn't enough of the old-time rough-and-ready play in the game now.

The great shag told Al (Montreal Herald) Parley in New York that the "mammy-pammy" stuff and the white-pink idea has replaced the sweatshirt a little too much. The game needs a few more men of the old-time McGraw and Tyus Raymond Club type to restore its vitality. Shag expounded.

This ancient vs. modern feud is always good for hours of argument. Shaughnessy's statement will start some debates around the corner lots. Probably the international press has some ideas like those of Dick Irvin, Canadian hockey mentor, to speed up the game and put its crowd appeal to a more satisfactory point.

Incidentally, Shag is justifiably proud of his family's record. He has sons in three services of the United States and Canadian armed forces. The Shaughnessys are an international family. The Shags has a few times remembering which ones are Canadian and which are American, he has shuttled back and forth across the border so much.

Remember the day: W. J. Holmes, manager of the Winnipeg Amphibious rink, is retiring May 1 after 44 years setting the best in western hockey by the boards and about the net. He has selected his sideline, a sideline selector and junior teams at last. On the senior team he places Charlie (Chuck) Gardiner in goal. John Johnson and Moose Gohsen on defence, and Dick Irvin, Tommy Phillips and Johnny Gotsdiner on the forward line. His juniors he puts as Gardiner in goal again. Bill MacKenzie and Paul Thompson on defence, and forwards Cooney Weiland, Herbie Lewis and Johnny McCready.

Garneau Tennis Annual Meeting
Annual meeting of the Garneau Tennis Club will be held in the Community club house at 8 p.m. Friday, April 28. All members and intending players are urged to attend.

District News in Brief

Killam Residents Edmonton Visitors

KILLAM—Mrs. A. P. Nelson and Miss Olive Grant visited Edmonton. Members of the Pentecostal church gathered at the home of L. Larson Monday to honor Mr. and Mrs. Clifford Larson, J. A. Neely visited Edmonton last week. Mrs. William Bauckis is in Edmonton attending the graduation of her daughter, Georgia at the Misericordia hospital. Mrs. William Schultz was guest of honor at a shower held Tuesday at the home of Mrs. F. Sirtes.

Mrs. J. O. Gair spent last week in Edmonton. The tennis court has been made ready for the summer season and several players have started games. Mrs. H. Erickson and baby have returned from Lac La Biche. Miss E. Hendrickson spent the weekend in the city. Mrs. H. Christensen entertained at bridge Monday in honor of her mother, Mrs. R. J. McGowan, who is leaving to reside in the U.S.

Annual meeting of the Catholic Women's League was held in the parish hall. Officers elected were: President, Mrs. H. Brown; vice-president, Mrs. Frances Ruticka; second vice-president, Mrs. R. Gaudet; third vice-president, Mrs. C. Fee; recording secretary, Mrs. R. Kinzer; treasurer, Mrs. H. George; corresponding secretary, Mrs. E. Edwards.

With Those In Uniform

ATHABASCA—Pie Roy Parsons spent leave here.

TWO HILLS—LAC. Bill Odynski was home on leave.

CLIVE—Pie. J. Pears was a Clive visitor last week.

GLENDON—Pie. Metro Janicki of the Edmonton Pliers is home on leave.

RED DEER—Mr. and Mrs. Hugh McLevin, report receiving an airmail letter on Monday, April 27, which had been posted in Algiers.

Farm Home Burns In "Rocky" District

ROCKY MOUNTAIN HOUSE—The farm home of William Arfman, six miles north of town, was burned to the ground when a brush fire got out of control Saturday.

Mr. Arfman was burning brush and saw the fire sweep toward his buildings, but could not save a thing, except his carpenter tools, which were in an outside shed.

Another shed, with 100 bushels of seed grain, was burned and some pieces of machinery that were standing out in the yard. The barn was saved. Mr. Arfman is a bachelor and lives alone on his farm.

The Tatham family, who lost all their household and personal belongings when their home was burned to the ground a few weeks ago, now have everything to start housekeeping with, thanks to their neighbors, who held two showers for them last week. The Tathams received gifts of every kind, clothes, furniture, bedding, dishes, cutlery, cooking utensils, all kinds of canned fruit and meat. Jam. Mr. Tatham has started to build a new house, and these same neighbors will have a "see" or two and help him with the work. Besides what they received at the showers, a cash contribution of more than \$300 was received from friends of the town and district.

The board of trade is urging the Alberta Board of Trade and Agriculture to let in their request for a direct north and south highway, linking Rocky Mountain House and Sundre, toward which \$5,000 has been subscribed by residents of Sundre and the district between the two towns.

One of the pioneers of the Riverview district, George Robert Vinney, died in the University hospital, Edmonton, after being returned to Canada from overseas on the hospital ship Lady Nelson. Born and educated in Killam, LAC, Mr. Vinney resided in the R.C.A.P. in February 1941 going overseas in 1942. He was a member of the R.C.A.P. in Killam, where he played hockey with a R.C.A.P. team overseas, which won the southern England hockey title and was runner-up for the R.C.A.P. championship overseas.

He is survived by his wife, the former Grace Fairweather and three children: his mother and two brothers, Ray, Sub-Lt. Harold Homan, R.C.N.V.R., and Arnold of Winnipeg.

A funeral service was conducted with full military rites from at Killam with the Rev. H. Douglas Stewart of St. Andrew's Presbyterian church, Edmonton, officiating.

Camrose Soldiers Assisting Victory Loan

The Sixth Victory Loan campaign got away to a splendid start at the Camrose Training Centre, CA. (1) T.C. C.A., No. 131 on Monday, and before noon more than 36 per cent of the quota had been reached. The committee reported that a great reception is being given canvassers by the soldiers. The training centre is divided into five groups, and at latest reports the hospital

group, under L-Cpl. Nichols is in the lead. In the above picture are shown: Front row, left to right, Maj. G. E. Gleave, M.M., committee chairman; L-Cpl. M. Nichols; Lt. Col. P. A. Fleming, officer commanding the centre; Cpl. L. Haddon and Pte. E. Larson, group secretary; second row, left to right, Lt. W. A. White, headquarters; Lt. S. Savage, A Company; Capt. J. M. Moon, paymaster and L. G. Epstein, B Company.

Gleaned From Rural News

SYLVAN LAKE—The town of Sylvan Lake is a dry town, making it illegal for any child under 16 years old to be on the streets or in any public place after 9 p.m. on any evening except Saturday, unless accompanied by parents or a guardian more than 21 years old. The by-law is effective at once and penalties on the parents concerned are incorporated.

WETASKIWIN—Mr. A. O. Albright, old timer of this district, died in hospital. Born in Sweden he came to the district 30 years ago. He is survived by his wife and four grandchildren. Burial took place Tuesday. The Kiwanis club held their weekly meeting Tuesday and a special feature was entertainment provided by musicians from the military training centre.

MILLET—Maj. Harry Parker, chaplain of the Canadian Army, was guest speaker at the United Church Sunday evening. He was resident minister here 10 years ago. James E. Sheppard, well-known hardware merchant here, died suddenly Monday evening. He is survived by his wife and one sister, Miss Ada Sheppard of Calgary. A funeral service will be held Thursday at 2 p.m. at Wetaskiwin.

CLIVE—The Red Cross tea room is in operation here, and always is well patronized. During the summer months the tea will be served in the evenings instead of afternoons. Mrs. A. W. Foster and son Allen returned from Blackie where they visited Miss L. Harrow. The Rev. and Mrs. P. Forster were Edmonton visitors last week. Mr. Forster attended the United church social service meeting there. Mrs. J. Harrow accompanied them, as did Mrs. E. Allen. Mrs. C. Williams suffered a severe cut in her hand when a knife she was using slipped from her grasp.

RED DEER—The M.D. of Red Deer at last meeting set the municipal mill rate at 23 mills, and adopted a tentative budget for 1944 of about \$67,500. Rev. R. H. Edgar presided and all the councillors and W. H. Stringer, secretary, were present.

R. J. Hopkins, president of the Annual Fish and Game Association, and J. E. Wiggin, president, and Hugh Farthing, secretary of the Red Deer Fish and Game Association, appeared asking for support of the M.D. in the drive against crows and magpies in the municipality. Co-operation of all the schools in the M.D. had been obtained. In 1943 the five municipal

parities which now form the M.D. Red Deer have contributed about \$10,025 to the work of the two associations. The delegation asked for a grant of \$1,000 this year, which the Council decided to give.

ATHABASCA—Tom Willis had a narrow escape Saturday night when the steering gear on his car went out of commission and the car plunged through a bridge and down a 12-foot bank. Another passenger, Bill Harris, was thrown through the windshield but both men escaped with minor bruises. A dance was staged here Friday night by the I.O.D.E. Hans Berntsen, president of the I.O.D.E. Sunday evening air cadets, girl guides and cub scouts paraded in front of the church for a special service commemorating St. George's Day. Mr. and Mrs. H. Hooper spent the weekend in Blackie. Betty Blacklock, Velma Lewis arrived home Monday to spend the summer with her family here.

GLENDON—A total of \$432.31 was subscribed to the Red Cross fund by residents of Glendon and district during the recent campaign. William Makar of Fraserburg escaped serious injury last week when he was involved in an unusual accident. Driving home from Glendon: the tongue of his wagon fell down and running into a soft spot on the road, lifted the wagon body, pitching it over with the driver underneath. The team pulled out was stopped by passing neighbors and Mr. Makar was only slightly injured.

On Friday night an entertainment consisting of two one-act plays was held in the community hall. Proceeds which amounted to \$60.75 will be used to purchase comforts for men overseas. Mrs. Ingeborg Hansson who has been visiting her daughters in British Columbia to the past six months has returned to her home here.

Two Hills Busy With Victory Loan
TWO HILLS—Victory Loan canvassers in this district are busy trying to reach the quota of \$25,000. The loan committee this year consists of: John Kollinak, unit organizer; P. Shavchuk, secretary; George Kozak, treasurer; William Gogolick, Pete Samoli, Steve Yuskov, Mrs. R. Watt and Mrs. T. McNally.

A scarlet fever epidemic is raging in this district and the Zora and Lussa schools have been closed. In the Zora district alone 28 cases have been reported. Nurse B. Plant, and health inspector R. J. Boutillier have been busy visiting the schools and instructing families on the prevention of the disease.

The annual high school play "The Improper Henry Propper" scored a big success. The play was under the direction of R.

Report \$31,000,000 In Ship Contracts For Coast Yards

VANCOUVER, April 27.—(CP)—The province in a newspaper story yesterday said that "contracts for new-type 'superships' worth totalling \$31,000,000 in value will be awarded Vancouver yards following a survey now being carried out here by government departments interested." The newspaper added that "if materials and man-power enough are available, city yards will get orders for 21 vessels. The new work will extend capacity operation of all four city yards several months, at least to the end of 1944."

Samuel and members of the cast were: Nancy Hnateka, Bill Skankin, Hilten Banders, Joeln Kollinak, Anne Prokopich, Michael Kotek, John Skankin, Nick Skaskalek, Olga Yuskov, Elsie Oulchuk, George Nikiforuk.

A women's softball team has been organized under the supervision of N. Pookay. Spring work in this district is general and many farmers have begun seeding operations. The monthly meeting of the Co-Operative Producers Livestock group was held recently with H. Samuel presiding. The sports committee have begun work on the tennis court which will be ready for use. The survey of lots on the land east of the school building has been completed and three new houses will be built there in the near future.

Mr. and Mrs. T. Arkel have left to take residence in Edmonton. William Buk will succeed Mr. Arkel as grain buyer for the W. Anderson grain company. All Kuzak has replaced M. Hukuf with the British American Oil Company here. M. Kerelluk who has spent some time in the North West Territories is visiting friends and relatives in the city.

George Skakan and John Gregory of Field, B.C., are visiting here.

Board Hearing On Rail Wages Opens May 4th

By C. H. HIGGINBOTHAM
Edmonton Bulletin Ottawa Bureau
OTTAWA, Ont., April 27.—An application for increased wages which will affect 125,000 railway workers in Canada will be heard by the National War Labor Board in Ottawa on May 4.

The railway workers are asking that their wages be brought up to the same standard as those paid for similar work in the United States and the railways are opposing the increase.

Railway workers argue that work done on the railroads in this country is identical to that elsewhere and constitute a continuous transportation service, that conditions of operation are identical and that equipment is the same.

VIEW OF RAILWAYS
It is contended by the railways that to grant the increase would cost \$85,000,000 annually, and that this would upset the anti-inflationary policy of the government, apart from being a great shock economically to the railway system.

They say there is no comparison between the economic situation in the United States and Canada, and that Canadian railways, say that freight rates obtained in the United States are in some cases 100 per cent higher than those obtained in Canada.

More than one-fourth of the wheat produced in the United States is grown in Kansas.

Sawmill Firm Given \$9,000 In Damages

Damages amounting to \$9,015.30 were awarded to the Stevenson an Van Humber sawmill. Messrs. M. Stevenson and Eugene Van Humber, against W. A. Bechell Co., H. C. Price Co., and W. E. Callahan Construction Co., carrying on business under the firm name of Bechell-Price-Callahan, in a Supreme court judgment handed down Thursday by Mr. Justice W. A. Macdonald.

The action arose out of the failure of the defendants to take delivery of certain lumber manufactured for them by the plaintiffs under a verbal contract affected with the plaintiffs by an agent for the defendants.

The verbal contract to supply lumber to the defendants was entered into in October 1942 at the request of Benjamin Silber, supervisor in the Peace River territory for the defendants.

It was claimed that the defendants had failed to accept all the lumber manufactured under the contract was cancelled, thereby causing a loss to the plaintiffs of \$9,015.30.

\$48 Missing From City Electric Shop

Breaking into the Economy Electric shop, 2601 Jasper avenue, Wednesday night, thieves forced open a desk and took \$48 from a cash box, while an additional \$2, found in the cash register, was also taken, city police were notified by John Polinski, manager.

An investigation, conducted by Detective Inspector H. B. Peterham, arrived in Edmonton Thursday, revealed that entry into the building had been made through a window on the roof. A light screen had been forced back, after which a pane of glass in the window had been smashed.

It was understood that Mr. Polinski had left the building a few hours before he returned about 10 p.m. to find that the place had been entered.
